

DGAO Research Award 2016

You can still submit entries until 30. June 2016.

Stuttgart, 08. April 2016

Individual persons and research groups have until 30. June 2016 to submit entries for the DGAO sponsorship award with prizes worth 14,000 Euros in total.

The sponsorship prize is awarded every two years by a committee of the German Association for Aligner Orthodontics e.V. (DGAO) on the occasion of the Scientific Congress for Aligner Orthodontics. The next award will take place on 19. November 2016. Awards will go to not yet published scientific studies and research projects in the field of aligner orthodontics. The award winners will be given the opportunity to present their completed studies or research projects to the professional audience at the next congress. Universities and certified dentists can apply - either as sole author or as research groups.

Awards will go to not yet published scientific studies and research projects in the field of aligner orthodontics. The award winners will be given the opportunity to present their completed studies or research projects to the professional audience at the next congress. University employees as well as all certified dentists can apply - either as sole author or as research groups.

The committee consists of the members of the entire board of the DGAO and an external scientific specialist designated by the entire board.

Interested parties should submit their entry by 30. June 2016 to the office of the DGAO e.V., Lindenspürstraße 29c, 70176 Stuttgart.

Further information on the conditions for participation can be found on the Internet page www.dgao.com/foerderpreis.html.

Press release

The German Association for Aligner Orthodontics e.V.

The German Association for Aligner Orthodontics e.V. (DGAO) was founded in November 2007 and is headquartered in Stuttgart, Germany. Its primary aim is to demonstrate and promote the benefits of increasingly popular wire-free orthodontics through science, teaching, research and public relations.

The board of the DGAO is constituted by Prof. em. Dr. Rainer-Reginald Miethke (President), Dr. Boris Sonnenberg (Vice President), Dr. Jörg Schwarze (Secretary General), Dr. Thomas Drechsler, Dr. Julia Haubrich and Dr. Werner Schupp.
